

Model	C-2010-W1S0 (White Standard) C-2010-W1A0 (White Advanced) C-2010-K1S0 (Black Standard) C-2010-K1A0 (Black Advanced)
Power Capacity	2700 mAh / 10Whrs
Input Voltage	5V / 1A
Output Voltage	5V / 1A
Battery Type	Lithium-polymer
Recharging Time	3~4 hours
Dimension	110 X 64 X 12 mm 4.3 x 2.5 x 0.5 inch
Weight	102 g (3.6 oz)
Operation Temperature	-10~50 °C (14~122 °F)
Protection	Over Charging Protection Over Discharging Protection Over Current Protection Over Temperature Protection Short Circuit Protection
UPC Code	C-2010-W1S0 (White Standard): 884102008894 C-2010-W1A0 (White Advanced): 884102008917

Power Fort 10 Whrs
C-2010

DESCRIPTION

Power Fort is a portable battery charger that provides an instant power anytime, anywhere. Power Fort can charge almost every electronic device with USB port, such as mobile phones, portable gaming device, and mp3 player a boost of power wherever you may be. Also, the special bypass circuit design prevents the battery from the damage resulted from the charging-discharging process and thus ensures a longer lifetime compared to similar products on the market. (AC plug or laptop USB port)

Furthermore, Power Fort features built-in battery life LED, Flashlight, Short Circuit, Over-Charge, Discharge protection, Over Temperature Protection which you can charge the battery up to 500 times and still remains at 85% battery capacity. In addition, the Power Fort comes with travel bags, USB cables, and interchangeable plugs to recharge in different locations. It is easily portable and perfect for anyone on the go.

- Slim curve design and light weight.
- Special bypass circuit design prevents the battery from the damage.
