

Field Replacement Unit (FRU) service Part Number: 03X6005

Option Part Number: 0A33909

This product is not available in the currently selected country (MEX)

Lenovo Wireless TouchPad increases productivity through enabling touch navigation and input in Windows 8 environment.

As it mimics Windows 8 navigation for touch screens including gestures, rotation, zooming and edge swipes it brings new experience and ease of use to Lenovo systems.

With up to 5 finger gesture support it enables navigation and function even on non touch screen devices or situations when touch screen is difficult to reach.

## Features

- Mimics the touch screen experience
- Reduced real estate with the same gesture support
- Easy access to commonly used Windows 8 functions
- Edge swipes, scroll, zoom, rotate
- Close an open app, adjust volume, open the home screen, show the desktop, un/lock screen, page back/forward
- Easy access to actions that are more difficult in Windows 8
