

Embargo Date	April 21 st , 2016
Intro Phrase / Tagline	<i>Cherry MX Red switches and a lightweight, durable aluminum frame, now with world-class dynamic backlighting. The perfect gaming keyboard is here.</i>
Product Full Name/Title	Corsair Gaming K70 LUX Mechanical Keyboard, Backlit Red LED, Cherry MX Red
25-Word Product Description	The K70 LUX has Cherry MX Red switches backed by a lightweight aluminum chassis. CUE enabled advanced lighting control and large font keycaps deliver dynamic, vibrant backlighting.
50-Word Product Description	The K70 LUX gaming keyboard has Cherry MX Red switches backed by a lightweight, durable aluminum frame. Advanced lighting control and large font keycaps deliver dynamic, vibrant backlighting. Harness the power of CUE for sophisticated macro programming and dramatic lighting effects and animations.
100-Word Product Description	The K70 LUX gaming keyboard has Cherry MX Red switches backed by a lightweight, durable aluminum frame. Advanced lighting control and large font keycaps deliver dynamic, vibrant backlighting. Harness the power of CUE for sophisticated macro programming and dramatic lighting effects and animations. 100% anti-ghosting with full key rollover on USB helps ensure accuracy, so every keystroke translates directly into accurate gameplay. The USB pass-through port is positioned for uninterrupted game play and ready for your mouse or wireless headset adapter. Contoured, textured FPS and MOBA key sets keep you in control, and the Cherry MX Red switches give you linear response and fast actuation.
