

Mobile Security Lock

Model
440899

Helps protect notebook computers and data from theft.

Most electronics theft is a crime of opportunity. It only takes a second to quickly steal an unprotected device computer from a desk or monitor mount. Millions of dollars of hardware and billions of invaluable data are stolen and unrecovered each year. The MANHATTAN® Mobile Security Lock, with its four-digit combination lock, helps guard notebook computers, flat-panel displays, projectors, cameras and other valuable portable electronics from theft. Using the built-in security slot ("K-slot"), its steel cable and all-metal construction when secured to a permanent object help resist tampering to discourage any would-be thieves.

Better Safe Than Sorry

Easily installed, the MANHATTAN Mobile Security Lock makes an ideal accessory for home, office, school, travel and other locations where expensive electronics are at risk. A durable polyurethane jacket helps protect electronics, furniture and other objects from scratches and damage.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Model
440899
