Mouse Mats GMM1500

Overview

NYX Speed type (L): GMM1500

Carry Your Team With the Power of God in the Palm of Your Hand- GMM1500

Every game is different in its own way, and everyone has different preferences on their mouse, whether it is high or low, laser or optical. Nevertheless, GAMDIAS has prepared you to face all these variables with NYX gaming mouse mat. NYX Speed Edition is designed with solid double-layered fabrics that provide a perfect surface for rapid mouse movements. NYX also comes with a rubberized base to firmly grab onto the desk as you glide the mouse around rigorously for hours. With the assistance of NYX Speed Edition, targeting enemies and taking down those all-important headshots in a wild shootout is no longer a question of how but when.
