

Bluetooth Audio Receiver

Enables wired speakers to accept Bluetooth signals

Converts corded speakers into a wireless entertainment system.

Disconnect uncomfortable, poorly-performing earphones and enjoy high-quality stereo audio without wires. Quickly connect speaker systems equipped with a 3.5 mm stereo plug to the MANHATTAN® Bluetooth Audio Receiver then easily pair with desktop and notebook computers, MP3 players, mobile phones and other Bluetooth-enabled media sources to create a wireless entertainment system. An ideal accessory for mobile media enthusiasts, the MANHATTAN Bluetooth Audio Receiver accepts signals from most Bluetooth equipment and its built-in rechargeable lithium-polymer battery provides up to 6.5 hours of power to share favorite music and audio with listeners almost anywhere.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.
