The perfect complement to your USB 3.0 equipped MacBook or Ultrabook, the Verbatim Mini Metal USB 3.0 drive provides fast, reliable data storage in a sleek brushed aluminum package. The Mini Metal USB drive operates on a USB 3.0 interface that delivers transfer rates of up to 10X that of USB 2.0 interfaces, yet is fully compatible with all USB ports. The Mini Metal USB drive features a retractable USB connector and lanyard, and is the smallest USB 3.0 drive available in the market today – perfect for users on the go.

## Features

**USB 3.0 Interface** – Maximizes data transfer when used in USB 3.0 ports, making it easy to transfer multiple files at once, or larger files with less waiting. Fully compatible with all USB ports.

**Smart Design** – Perfect for users on the go, the Mini Metal USB features a retractable design that shields the USB connector when in transit – helping ensure your data remains safe and secure. In addition, the Mini Metal USB features a lanyard for easy transport.

**Universal Compatibility** – The Verbatim Mini Metal USB is compatible with both Mac OS and Windows platforms. No need to reformat.

**Brushed Aluminum Exterior** – With clean lines, smooth curves and a brushed aluminum exterior, we've designed the Mini Metal USB to perfectly complement the sleek, modern look of your MacBook or Ultrabook.

**Limited Lifetime Warranty** - Verbatim manufactures our products to meet our strict quality standards. We stand behind the quality of our products – and our warranty proves it.
