

USB Feedthrough QuickPort® Connector

APPLICATION

The Leviton USB Feedthrough QuickPort Connector provides a clean transition for USB (Universal Serial Bus) cabling for in-wall wiring. Connectors are compatible with QuickPort wallplates and housings. Connectors are manufactured from high-quality ABS plastic and are available in white, ivory, and grey.

SPECIFICATION

The connector shall be designed for use in USB applications to provide an interface between compatible devices. The connector shall meet the requirements for the USB 2.0 standard. The connector shall be compatible with QuickPort-style wallplates and be available in white, ivory, and grey.

FEATURES

- Feedthrough Type A-to-Type A connectors for easy installation
- Used for USB serial communications
- Cleaner install with in-wall wiring
- Compatible with all QuickPort wallplates and housings

DESIGN CONSIDERATIONS

- Feed-through connector accepts USB cables with Type A plugs
- CL2-rated cable recommended for in-wall wiring

STANDARDS COMPLIANCE

- Meets requirements for USB 2.0 standard

PHYSICAL SPECIFICATIONS

Dimensions: See page two
